**DP WORLD**

**ALL SHIPPING LINES, AGENTS, HAULIERS, TRADERS AND PORT USERS**

**REF : DPW / 016 / 2008 Dated : 25-Sep-2008**

**Outbound Carrier details for Export Containers**

Reference to our circular DPW / NA / 27 / 10 / 2008, it is observed that still many export containers are being delivered to port without outbound carrier rotation numbers.

It is also noticed that sometimes outbound Vessel, voyage and rotation numbers are incorrect or not properly mentioned in the export bookings / Acceptance letters which consequently lead to wrong billing. Resolving these issues at a later date poses administrative challenges for both DP World and its Customers.

To overcome all related issues, all Shipping Lines and Agents are advised that with immediate effect no export container will be accepted into the Port without valid loading details. Henceforth all export bookings or acceptance letters should contain valid voyage and rotation numbers.

In case if export booking has expired based on vessel's cut off time, Shipping Agents should amend or provide the new booking with next vessel and voyage details prior to container's arrival at the port gates.

*Note: Please use Dubai Trade to create Export Bookings / Container Release and Acceptance requests which will help in eliminating user input errors and wrong billing subsequently.*
