CHINA SHIPPING SHIFT TO JEBEL ALI TERMINAL 2

DP World is pleased to announce that China Shipping Container Line's AMA service will shift Jebel Ali operations from Terminal 1 to the new Terminal 2 facility. The first vessel targeted for the shift will be XIN DA LIAN / Voy0104W on 25th November'07.

We would like to advise CSCL customers, and shipping lines who co-load on their vessels, of the following operational arrangements:-

- Exports loading on CSCL - AMA service will be routed through TERMINAL 2 gates;
- Imports discharged from relevant vessels will be delivered at TERMINAL 2;
- Empty returns by road will be routed to TERMINAL 2, with the exception of a pool maintained in the "strip yard".
- Feeder Operators carrying CSCL containers are requested to segregate Jebel Ali stowage for Terminal 1 & Terminal 2 discharge and loading. Operators should declare estimated move counts in advance in order to plan berthing.
